EXACTO

... because it's just fun!

Have a look and you will see, it all matches perfectly!

EXACTO

Have a look and you will see, it all matches perfectly!

Who is better at assessing distances - children or adults? Two holes are punched in each board and exactly two coloured circles on each of the 15 board cards have exactly the same distance between them. But which circles? The task is to find the fitting two circles using only your eyes. Not so easy!

EXACTO features surprisingly simple rules and offers a fascinating task that will test your sense of distance more than once.

The BORDER

Close your borders, complete your areas and collect victory points. Nine areas have to be enclosed by ticking border fields. Whether well or castle, the first player to enclose one of the areas receives extra points. No one has to wait long: all the dice that the active player does not use, are left for the other players.

THE BORDER offers a great dice game with simple rules and an exciting mix of planning and risk.

Outstanding!

The publications of the last few years are particularly characterised by their family-friendliness: Simple rules, no waiting times and exciting game ideas bring different nations, social classes and age groups to one gaming table.

Several games have so far been found to be outstanding by the „Game of the Year“ jury. Four titles were honoured with a nomination and two other games received a recommendation.

With the NATURELINE and the MINNYS, the NSV set new impulses on the topic of sustainability. Since Spring 2022 children's games in cardboard slipcases have added to the plastic-free portfolio.

... because it's just fun!

The „Nürnberger-Spielkarten-Verlag GmbH“ is an international manufacturer of card, dice and board games with a wide range of products, from classic card games to modern author's games.

30 years of „Nürnberger-Spielkarten-Verlag GmbH“ means an eventful past and an exciting future. The NSV emerged from the „Spielkartenfabrik Heinrich Schwarz Nürnberg“, which was already founded in 1948. After years of further development, NSV became a subsidiary of „Vereinigte Münchener Spielkartenfabriken, F. X. Schmid“ in 1989.

Since 1991, the company has been called „Nürnberger-Spielkarten-Verlag GmbH“ and became independent again in 1995 after the takeover of „F. X. Schmid“ by the „Ravensburger Spieleverlag“.
